SERVICE SPRING & LiftMaster® Educational Webinar

A COMPANY OF
Giving JOIN US IN RAISING MONEY FOR
THE AMERICAN RED CROSS

THE AMERICAN RED CROSS provides disaster relief supplies and services to thousands of people across the country each year. From minor to large scale natural disasters, the American Red Cross provides the most extensive support to help those in need.

Seven years ago, Service Spring Corp. experienced extensive damage due to an F4 tornado, so we know firsthand the type of devastation Mother Nature can cause in such a short amount of time.

Service Spring Corp recognizes how valuable the American Red Cross' services are and the positive

impact they have on the community. That's why our parent company, The McAlear Group is raising funds for the American Red Cross throughout the months of August and September.

WEBINAR RECAP

Working Together To Educate the Overhead Garage Door Industry.

On July 19th, Service Spring Corp hosted our LiftMaster Webinar. Several LiftMaster Representatives spoke about Residential MyQ, Commercial Connectivity, and the LiftMaster Cloud and Perimeter Access.

Matt has worked for Service Spring for more than 10 years. He started as a member of our production team and moved into managing our website and networks as the Director of IT. In 2016, he opened our Orlando Service Center and most recently work as Vice President, overseeing the business direction of SSC.

INTRODUCING **MATT McALEAR**
CEO OF SERVICE SPRING

“I’m very fortunate to be able to have worked in so many different areas of the company. It helps me value the talent and resources we have and gain a deeper understanding of how to carry on what 3 generations of my family has built.”

Outside of work, Matt enjoys travelling and hiking with his wife Jen. The couple has 2 dogs and are expecting their first child in mid-September.
